

FACING HISTORY AND OURSELVES is an educational and professional development organization whose mission is to engage students of diverse backgrounds in an examination of racism, prejudice and anti-semitism in order to promote the development of a more humane and informed citizenry. By studying the historical development and lessons of the Holocaust and other examples of genocide, students make the essential connection between history and the moral choices they confront in their own lives. Facing History and Ourselves has offices in Boston, Chicago, Europe, New York, Memphis, Los Angeles, and San Francisco.
